

SCIENCE FAIR DISPLAY BOARDS

As a convenience to you, we are selling display boards suitable for use for science fair projects (or 4-H displays or classroom projects, etc.). We are selling these at a very reasonable cost. With care, these boards should last for several years. All orders must be pre-paid (checks made payable to Skyline).

** Econoboards are made of die-cut corrugated cardboard.

**** Proboards are made of quality foamboard. Proboards include free, black and white display words (Introduction, problem, hypothesis, procedure, etc.) on cardstock.**

DISPLAY BOARD ACCESSORIES!

**** Title Boards connect across the top of the display board.**

**** Subtitles have words that can be used as a part of the project instead of making your own.**

(Problem, Hypothesis, Procedure, Data, Results, etc.)

These are either cardstock (9 words) or adhesive (14 words).
